

**National Workshop on “IMPORTANT LABORATORY TESTS IN CIVIL
ENGINEERING PRACTICES (ILTCEP-2018)”**

National Workshop on **“IMPORTANT LABORATORY TESTS IN CIVIL ENGINEERING PRACTICES (ILTCEP-2018)”** will be organized by the Civil Engineering Department of Indian Institute of Engineering Science and Technology, Shibpur during 25th - 29th June, 2018. The workshop is aimed to demonstrate the important laboratory tests involved in various specializations in Civil Engineering and to enable the professionals competent enough in their real-scale application. The National Workshop (**ILTCEP-2018**) is oriented to include some important major tests in 5 (five) Laboratories, viz. Structural Engineering, Concrete Technology, Geotechnical Engineering, Transportation Engineering and Environmental Engineering Laboratory. Working Civil Engineers (Diploma/Degree holders) from Government/Private organizations and Teachers from Government/Private institutions are eligible to participate in this Workshop. The detailed Brochure containing the Application Form is provided herewith.
