

## Invited Lecture on “ History of Design and Construction of Heritage Buildings in Kolkata”

by **Dr. Himadri Guha** (Our Institute Alumnus, Civil 1973)

On **April 2, 2025**

Dr. Guha, a distinguished expert in construction, green building, energy simulations and heritage restoration, has also authored construction textbooks and widely collaborates with premier institutions like IITs, IEST and Jadavpur University. This admirable lecture enlightened the students of the significance of construction techniques and how creative ideas were implemented in the construction of historic buildings, while also directing the adoption of conservation techniques.
