8th Annual Convocation
Indian Institute of Engineering Science and Technology, Shibpur
March 11, 2022

Chief Guest

Dr. Subhas Sarkar

Hon'ble Minister of State for Education
Ministry of Education, Govt. of India

Chairperson, Board of Governors and Director, IEST, Shibpur

Prof. Parthasarathi Chakrabarti

Welcome Address by the Director, IEST, Shibpur

Good Morning! Namaskar!

It is an honor and privilege for me to welcome Dr. Subhas Sarkar, Hon'ble Minister of State, Ministry of Education, and Chief Guest of the Convocation.

The Members of the Board of Governors; the Members of the Academic Senate; all graduating students and their family members; all members of faculty, staff, and students of IEST;

invited dignitaries, guests, and members of the media, on behalf of the Institute, I heartily welcome you all on the occasion of the 8th Annual Convocation of the Indian Institute of Engineering Science and Technology, Shibpur.

I congratulate all the degree recipients and their proud parents on this Grand Occasion. In this Convocation, degrees shall be awarded to 522 UG students, 365 PG students including Dual Degree. Ph.D. Degree shall be awarded to 129 scholars with a substantial hike compared to past years.

I. Rankings

I am happy to share with the august gathering that IEST, Shibpur has been consistently maintaining a good NIRF ranking as usual. Our institute is placed among the top-rated NITs, even ahead of some of the IITs. It also has secured a reasonably good in the QS Asia University Rankings 2022 which is expected to be improved in the coming years.

II. Publication, Research, Consultancy, Workshop, Conferences, IIC 4.0

- Since the last Convocation, in less than one year, I am happy to report a satisfactory publication record of faculty and students in the form of 450 peer-reviewed journal papers, conference papers, book chapters, and books.
- In this period 3 patents have been granted while 3 new patent applications have been filed
- The sponsored research and consultancy growth profile of the institute is continually on the rise. During the last eight months since the last Convocation, a total of 17 new research projects worth around 5.5 crores have been sanctioned. In the same period, an equal amount for 69 consultancy works has also been received. The projects are sponsored by funding agencies such as SERB, DRDO, DBT, Vinnova, Govt. of Sweden, etc.
- Several MoU and NDA have also been already executed or the final stage of execution with other organizations including Coal India Limited, BHEL, etc.
- IEST, Shibpur congratulates Dr. Ujjal Bhattacharjee on winning the DST Start-up grant.

- IEST, Shibpur congratulates all the Principal Investigators for receiving grants from different funding agencies despite the pandemic situation prevailing over the past two years. The faculty members of IEST, Shibpur have been actively participating in international and national conferences, workshops, and symposia. Their expertise in various areas of research has continued to receive due recognition as several faculty members have acted as keynote and invited speakers in international and national academic events of repute.
- Different departments of the Institute have been playing an active role in organizing international and national conferences, workshops, and symposia.
- The International Webinar on "Cyberphysical Digital Microfluidic Biochips in Healthcare Technologies and Applications", sponsored by SPARC, MOE, Govt. of India, was held between August 10th and 12th, 2021.
- The Department of Mechanical Engineering has organized the Centenary Lecture Series as part of its Centenary Celebration where eminent speakers from industry, institutes of international repute are delivering lectures.
- Department of Metallurgy and Materials Engineering, IEST, Shibpur, India organized SPARC sponsored Indo-Belgium webinar series on 'Intuitions and Innovations on Future Generation Materials' during February 11-12, co-hosted by Ghent University, Belgium.
- The 4th International Conference on Computational Intelligence in Pattern Recognition (CIPR-2022) is scheduled during April 23- 24, 2022. The 5th International Symposium on Devices, Circuits, and Systems was organized by the Institute in collaboration with Hiroshima University, Hiroshima, Japan.
- The Institute's Innovation Council (IIC) had very vibrant activities during last year and has secured the highest score in the relevant category of Institutions. In parallel IIC 4.0 of the Institute has played a leading role in arranging sessions on "Challenges of the MSME Sector: How Technology Infusion from Higher Education Institutes will Help" and ACHIEVING PROBLEM- SOLUTION FIT AND PRODUCT-MARKET FIT", the last being in collaboration with the Tagore Centre for Green Technology Business Incubation and Entrepreneurship Development Cell of IEST.

III. Achievements of the Students:

The students of IEST Shibpur have made the Institute proud on numerous occasions. Let me take this opportunity to share a few instances of students' achievements with the audience:

- Despite the pandemic, the placement scenario of our Institute appeared robust in the current session. From August 2021 to February 2022, nearly 700 job offers comprising 580 offers for UG and 120 offers for PG students have been secured and the placement process is still on. Among these offers a significant numbers belong world-renowned companies like Microsoft, Amazon, Wells-Fargo, Media.net, MercedesBenz, and others.
- Sanghamitra Ghosal, Ph.D. Scholar at the School of VLSI technology won Innovative Student Project Award (Doctoral level) by INAE and was the 1st runner-up of ISSS Ph.D. thesis award.

- Souradeep Ghosh, a B.Tech. student of Metallurgy and Materials Engineering was featured in ET Campus Stars Class of 2021.
- Abhranila Das, an M.Tech student of the Electronics and Telecommunication Engineering Department, and Bhaswati Chakraborty, a Ph.D. scholar of the same Department, won SRISTI-GYTI (Gandhian Young Technological Innovation) Appreciation Award, 2021.
- Amrita Kesh, a 2nd Year B.Tech student of the Computer Science and Technology Department, won the eastern zone IET India Scholarship (MOE).
- Aishwarya Raj, a 3rd Year B.Tech. student of the Department of Electrical Engineering won Tata Steel 'Women of Mettle' Season-5.
- A group of B.Tech. students won the quarter-final of the Swadeshi Microprocessor Challenge organized by the Ministry of Electronics & Information Technology, Government of India.

IV. Student-Centric Measures taken by the Institute:

- Students are the top priority of IEST Shibpur. The Institute continued with the online services of a psychiatric counselor to support our students at the time of the pandemic.
- IEST Shibpur celebrated many occasions and conducted various cultural programs both on the campus and virtually that witnessed large-scale participation from the students. Independence Day and the Republic Day of our country were celebrated with befitting honor on the campus along with the birth anniversaries of eminent personalities such as Netaji Subhas Chandra Bose, Mahatma Gandhi, and Pandit Ishwar Chandra Vidyasagar. Many other occasions such as Hindi Fortnight, Teachers' Day, National Education Day, Engineers' Day, National Science Day, International Mother Language Day, International Women's Day, and others were celebrated enthusiastically.

V. Other Institutional Initiatives

As the pandemic lingered, the teaching-learning activities continued online in the last academic year. The Institute made sustained progress with untiring efforts in making the online education process innovative and hassle-free for all the stakeholders.

- The Institute had started conducting online classes and virtual laboratories from April 2020, and the online exams in real-time have been executed efficiently since then.
- Many of you are aware that to promote online teaching, organize webinars and conferences, and offer specialized courses and lectures, the Digital Education Hub was set up with financial support from one of our distinguished alumni.
- A webinar series in memory of Late Sushama Basu, under the aegis of Digital Education Hub, was inaugurated in February 2022.
- Once again, the online orientation program was successfully conducted for the newly admitted UG and PG students for the Academic Year: 21-22.
- The Institute Innovation Council (IIC 4.0) arranged several informative and edifying webinars in the recent past on National Education Policy, Intellectual Property Rights in collaboration with the IPR cell, Toy Designing: A Make in India Initiative, Business Model Canvas (BMC),

National Innovation and Start-Up Policy, Market-oriented Technologies in collaboration with Centre for Green Technology Business Incubation and Entrepreneurship Development Cell, Technology and Higher Education in the context of MSME sector and some others.

- The Institute has taken a major initiative to restore the activities of the Tagore Centre for Green Technology Business Incubation with the provision of full-time manpower support and institutional funding.

VI. On the Infrastructural front:

- IEST has received Rupees 129 crores sanctioned by the Union Ministry to build a 10-story hostel to accommodate 1000 male students last year. I am happy to report that the work is progressing well and is set to be completed within the 30-month timelines. I especially thank the MoE for the generous grant-in-aid support to the Institute.
- The work of thorough facelift of the old buildings, hostels, and the Institute Guest House undertaken by CPWD has been continuing in full swing since last year.
- An International standard Volleyball Court constructed with the support of our ex-students has been made fully functional in recent times.
- Groundwater recharging by rainwater harvesting in IEST Shibpur campus under the aegis of Ministry of Jal Shakti, Department of Water Resources has also been undertaken recently.
- The Institute has recently received a sanction of Rs.30.0 Cr for the construction of an annex building to create a laboratory and additional classrooms under the EWS scheme.

VII. Public Health Measures in the Pandemic:

To tackle the various waves of the Covid-19 pandemic, the Institute continued initiating and observing multiple public health measures.

- IEST Shibpur continued with its free-of-cost vaccination program for all the employees, the students living on the campus, the family members of the employees, and the retired employees with the support of CMOH, Howrah.
- The Covid-Care facility equipped with oxygen support, Covid-related medicine support, and the round-the-clock services of the doctors continued its operation in the Institute hospital.

VIII. Contribution of the Alumni

The alumni of our Institute continued their whole-hearted support on various occurrences:

- GAABESU announced 86 “Need-Based” Scholarships of the value of more than 12 lakhs and 6 Special Scholarships for 1st Year Students of total Rs. 1,60,000. In addition to the Scholarships, they announced 8 Book Grants and 5 “Merit-Based” Scholarships to be awarded under Alumni Fellowship for Excellence (AFE) program.
- Among several other achievements by the alumni, mention must be made of Ayan Roy and Soumyodeep Das, former students of the Department of Architecture, IEST Shibpur, who won the prestigious London Design Biennale, 2021.

Dear students,

I take this opportunity to remind all of you graduating today that your journey towards excellence starts now. I hope that the education and mentorship that you have received in this Institute will help you achieve your goals. The pandemic had caused death and devastations over the past two years and imposed new challenges before you. The time has come for all of us to use our knowledge of Science and Technology to overcome the situation in innovative ways. We must learn a lesson from this pandemic that one should not take things for granted forever. I hope you train yourself to inculcate these innovative skills in your everyday life. The world is gradually loosening the shackles of the Covid-19 pandemic, and life is bouncing back to “normal.” The economy of our country is also improving rapidly. New prospects and opportunities will open up for you in the immediate future. I hope that the crisis of the last two years has toughened you as scientists, engineers, liberal arts, and management professionals and has made you more socially and ethically conscious citizens of our country. I hope you readily take up opportunities and challenges and emerge outstanding in your respective spheres of life.

From the entire IEST fraternity, I congratulate the graduating students once again. Our best wishes are always with you. May you face this world with confidence and dedicate yourselves to the service of the nation. Last but not least you should not forget that you are among a few fortunate students who got an opportunity to study in an Institution of National Importance run by public money. It is your moral responsibility to pay back to society by serving the underprivileged section. I conclude my speech by reminding you of the message of Swami Vivekanand, quote *“So long as the millions live in hunger and ignorance, I hold every person a traitor who, having been educated at their expense, pays not the least heed to them!”* unquote.

Once again I congratulate you all on your success and wish you all the best in your future endeavors. God bless you all!

Thank you!

Jai Hind!

Prof. Parthasarathi Chakrabarti

Director, IEST, Shibpur

Convocation Address by the Chief Guest

Namaskar, Warm Greetings to all !!

Prof. Parthasarathi Chakrabarti, Chairperson, Board of Governors, Director IEST, Shibpur,

and

Prof. Sudip Kumar Roy, Dean (Academic), IEST, Shibpur

Dr. Devasis Dutta, Registrar, IEST, Shibpur

Distinguished Guests, Members of the Senate, Staff-Members, Professors, Non-Teaching Staff of the Institute, Graduating Students, and their family members, and Friends from the Media.

It is my pleasure to be present on the occasion of the eighth annual convocation of the century-old Institute IEST, Shibpur.

As we know it was established in 1856 as Civil Engineering College and since then it has been transformed through an outstanding evolution process into its present form over a period of 166 years. I hope that it continues to grow efficiently.

Shibpur is the city of music, the arts, and literature. I am delighted to be present here today. The linguist, educationist, and litterateur Suniti Kumar Chatterji was born here. Kisari Mohan Ganguli, the author of the first complete English translation of the Sanskrit epic Mahabharata also lived in Shibpur.

I would have been happier if I could go to Shibpur by myself to join this event, but in this time of the pandemic, it is relevant for us to meet virtually.

Dear all, it always gives me a feeling of happiness and an immense pleasure to address the convocation ceremonies. I am glad to be present amongst the enthusiastic graduating future of Nation.

As you all are going to enter a new phase of your life, I would like to share a piece of advice in the form of shlok by *Srimad Bhagwat Geeta*,

आपूर्यमाणमचलप्रतिष्ठं

समुद्रमापः प्रविशन्ति यद्वत् ।

तद्वत्कामा यं प्रविशन्ति सर्वे

स शान्तिमाप्नोति न कामकामी ॥

It means, Just as the ocean remains undisturbed by the incessant flow of waters from rivers merging into it, likewise the sage who is unmoved despite the flow of desirable objects all around him attains peace and not the person who strives to satisfy desires.

Dear students, you will only attain peace in your life when you remain stable just like the ocean irrespective of the malignant thoughts that come to you. Reject the thoughts that distract you from your goal. Discard the temptations and the desires that stop you from reaching your ultimate goal.

Dear students, an optimistic perspective can help you focus on solutions to issues, increase confidence, and support productivity while working toward goals.

I would like to share an incident with you all; it is the story of the discovery of Penicillin. Penicillin was first discovered in 1928 and is now the most widely used antibiotic in the world. Dr. Alexander Fleming, the bacteriologist on duty at St. Mary's Hospital, returned from a summer vacation in Scotland to find a messy lab bench and a good deal more. It all started with a mold that developed on a staphylococcus culture plate. Upon examination of the mold, he noticed that the mould seemed to be preventing the bacteria around it from growing. He soon identified that the mould produced a self-defense chemical that could kill bacteria. He named the substance penicillin. Dear students, the presence of the mind is a natural gift. Nevertheless, a person who has developed his powers of thought by education is more likely to act in hardship with wisdom. My dears young graduates, in one of his addresses our **Hon'ble Prime Minister Shri Narendra Modi Ji said,**

“Our Startups are changing the rules of the game. That's why I believe Startups are going to be the backbone of new India.”

Dear students, as you all know, India is rapidly moving towards the path of development. I believe that the passion for innovation must become part of our learning systems. We can achieve the spirit of innovation by teaching our future generations about the importance of innovation, especially the efforts made by startups. For example, IIT Delhi Start-Up **“Botlab”** displayed a spectacular 1000 drones in the skies of Central Delhi on the occasion of Beating the Retreat Ceremony in the recently concluded 73rd Republic Day celebrations. So, take the chance, work hard for your goals. I hope that our future generations will **“Dream More and Achieve More”** and lead India towards prosperity and global leadership.

Dear students as you step forward in your life you have just begun your journey towards the new world. For the upliftment of any individual, it is essential that his roots should be strong. And to maintain these roots, I would request you to know the traditional Indian Knowledge System.

Dear students, if I talk about engineering, ancient wisdom proved their immense vision.

It is mentioned in the **Yantrarnavam sutra**, the system for the generation of energy through motion or continuous relation of shafts, wheels, or wedges is called a Yantra or machine. If we

consider the ship - **Yuktikalpataru** gives the Sutra that says no iron should be used in joining the planks in the bottom of the ship. The presence of iron exposes ships to the influence of Magnetic rocks in the sea & brings them within the magnetic field, causing them to sink. If we go to **Surya Siddhanta** then the concept of measurement of angle was started far before modern mathematics. If I mention the name of **Indus Valley Cities** such as Harappa, Mohanjadaro, Lothal, Dholavira, Kalibangan need no new interpretations. The well-laid cities with uniform brick structures, Great Bath, most hygienic drainage systems, grain storage barns, and wells are all already well known to the world. Hence, we must know about our ancestors and forefathers; therefore, the role of Indian Knowledge Systems is very critical in today's times.

Dear students, the New Education Policy 2020 aims to strengthen the new learning paradigm through the adoption of new education technologies or developing available in-house skills. NEP-2020 facilitates the holistic development of learners, equipping them with the key 21st-century skills, enhancing essential learning and critical thinking, and placing greater focus on experiential learning, thereby providing a holistic approach to the learning process.

Dear Students, it is your commitment to make this Institution proud and bring it even greater renown and eminence. You will have many prospects to contribute to various fields of Research and Development so that you can help in making the Nation ready to meet and resolve a wide range of complex challenges.

Dear students, you must go ahead, embrace all the opportunities which come your way, and help the Nation to reach tremendous heights.

I heartily congratulate the toppers, medal-winners, and all the graduating students receiving their degrees. I would like to mention a special appreciation for two girl students, Ms. Subhechcha Pal and Ms. Nabanita Karmakar for securing the top-most position in the class of 2021 for undergraduate and postgraduate courses respectively. I congratulate both of you on your achievement, may you achieve heights in the future.

Dear Students, in near future you all are going to have new challenges, learnings, and experiences. The knowledge that you have obtained will help you establish value and contribute not only to the development of the nation but also, of the whole world. So, as you all graduate today, may you always dare to do great things with your life. I would like to conclude my words by quoting, Gurudev Rabindranath Tagore,

***“Life is given to us,
we earn it by giving it.
Let the dead have the immortality of fame,
but the living the immortality of love.
Life's errors cry for the merciful beauty
that can modulate their isolation into a
harmony with the whole.
Life, like a child, laughs,
shaking its rattle of death as it runs.”***

Once again I congratulate the young graduates and their families.

I applaud the faculty members, the staff members, and the family members of these students for their great efforts in these exceptional times.

Thank You.

Bharat Mata Ki Jai !!!

Dr. Subhas Sarkar

Minister of State for Education,
Ministry of Education, Govt. of India

The title 'LIST OF MEDALISTS' is centered within a light purple rectangular box. This box is flanked on both sides by solid dark purple rectangular bars of the same height.

LIST OF MEDALISTS

THE PRESIDENT OF INDIA GOLD MEDAL**Subhechcha Paul**

Bachelor of Technology in Mechanical Engineering

*For securing 1st position in Under Graduate Examination, 2021***INSTITUTE MEDALS for securing 1st positions in the year 2021****Master of Technology Under Five Year Dual Degree (2021)**

Branch	Name
Civil Engineering	Prabhat Kumar Singh
Electrical Engineering	Nilesh Mondal
Electronics & Telecommunication Engineering	Ukkadapu Tulasi Veera Hanuma

Master of Technology Under Five Year Dual Degree (2020)

Branch	Name
Civil Engineering	Prabhat Kumar Singh
Electrical Engineering	Nilesh Mondal
Electronics & Telecommunication Engineering	Ukkadapu Tulasi Veera Hanuma

Program: Master of Technology

Branch	Name
Applied Mechanics	Ribhu Pal
Biomedical Engineering	Biplab Nath
Civil Engineering	Avik Kumar Haldar
Computer Science & Engineering	Bappaditya Das
Electrical Engineering	Aakash Das
Electronics & Telecommunication Engineering	Rajarshi Dhar
Geoinformatics	Abhinandita Kundu
Information Technology	Adarsh Kumar Soni
Materials Science and Engineering	Abhik Bose
Mechanical Engineering	Niladri Sekhar Panda
Metallurgy and Materials Engineering	Saumya Shakti
Mining Engineering	Devendra Gupta
Mechatronics	Anurag Dalal
Renewable Energy Science and Technology	Silajit Manna
VLSI Design	1. Shonkho Shuvro 2. Snehanjali Majumder

Program: Master of Science

Branch	Name
Applied Geology	Ashirbad Sahoo
Applied Mathematics	Nabanita Karmakar
Chemistry	Mandira Gorai
Food Processing & Nutrition Sciences	Abhisek Sahu
Physics	Swarup Maity
Master of Planning	Akash Roy
Master of Business Administration	Tanushree Paul

Program: Bachelor of Technology

Branch	Name
Aerospace Engineering	Niladri Pahari
Civil Engineering	Shivangi Jha
Computer Science & Technology	Anjishnu Mukherjee
Electrical Engineering	Suman Kumar Jana
Electronics & Telecommunication Engineering	Mohit Singh
Information Technology	Swarnava Sadhukhan
Mechanical Engineering	Subhechchha Paul
Metallurgy & Materials Engineering	Avinava Roy
Mining Engineering	Arunava Mondal
Bachelor of Architecture	Mangang Cha Thoudam Thoithoi

ENDOWMENT MEDALS**GANESH CHANDRA MITRA MEMORIAL MEDAL****Nabanita Karmakar**

(Master of Science in Applied Mathematics)

*For securing 1st position in Post Graduate Examination, 2021***SINDHUBALA MITRA MEMORIAL MEDAL****Tanushree Paul***For securing 1st position in Master of Business Administration, 2021*

ARUN CHANDRA MITRA MEMORIAL MEDAL

Nabanita Karmakar

(Master of Science in Applied Mathematics)

For securing 1ST position in Master of Science Examination, 2021
