

Mechanical Engineering Seminar

Topic: Computational aspects in electrodynamics measurements

Speaker: Dr. Arijit Hazra

Time and Date: 4-5 PM, 17-01-2023 (Tuesday)

**Venue: Conference Hall, Mechanical Engineering Department,
IEST Shibpur**

Brief Bio of the Speaker

Arijit Hazra completed his bachelor's and master's degree in Mechanical Engineering from Jadavpur University and IIT Kanpur, respectively. He completed his Ph.D. working jointly with the Institute of Numerical and Applied Mathematics, Georg-August University of Göttingen, and the group of Biomed NMR, Max Planck Institute for Biophysical Chemistry (Now multidisciplinary sciences), Germany.

After that, he conducted postdoctoral research at TIFR-Centre for Applicable Mathematics, Bengaluru, and in the Department of Mathematics and Statistics at the University of Basque Country (UPV/EHU) and Basque Center for Applied Mathematics (BCAM), Bilbao, Spain.

Currently, he is an assistant professor of Mechanical Engineering at Gandhi Institute of Technology and Management (GITAM) University, Visakhapatnam, India.
