Rebuttal against misreporting regarding Head of the Institute

The Institute strongly protests against the news published on 23 September, 2021 in the ABP and Eisamay with a malicious intention to malign the Head of the Institution and put IEST, Shibpur in a bad light.

The Head of the Institute uses his personal car for attending Office and other purposes and the official car is strictly used by the Institute officials for official work of the Institute. The queries of the CAG in this regard have already been addressed by the Institute appropriately.

The Institute strongly condemns the spreading of rumors by the Press, which, to one's shock and disbelief, is becoming a recurring event with time. We hope that the press will publish our rebuttal to restore our trust in the media and press.
