Rebuttal against misreporting regarding the Institute

It has been brought to the notice of the Institute Administration that a section of the print/electronic media is publishing/broadcasting misleading information about the Institute Administration on the basis of unsubstantiated facts. IEST, Shibpur is an Institute of National Importance and has its own well laid down procedure for redressal of grievances of the employees.

Through this communique the Institute appeals to both print and electronic media to refrain from propagating false and derogatory allegations about the Institute based on unfounded facts.
