PRESS RELEASE- GROUND WATER RECHARGE PROJECT OF IEST, SHIBPUR

Today on the auspicious day of the 75th anniversary of the Independence of our country the very important Ground Water Recharge project within the campus, has been inaugurated by Prof. Parthasarathi Chakrabarti, Director, IEST, Shibpur. This project has been implemented under the Jal Shakti Abhiyan (JSA) mission, Govt. of India, an initiative to promote the underground water recharge by using the rain water. IEST, Shibpur is the pioneering institute under this mission. In this technology, the rain water is collected from a large area on the roof of the Science and Technology Building and inserted into the underground potable water level through the three layered filtering system. In the gathering, Prof. Chakrabarti tried to aware everybody about the probable problems of acute shortage of water across the world and advised them not to waste water. This inaugural programme was also attended by Dean (P&D), Registrar, Chairman and the Committee Members of the Project, Superintending Engineer, Faculty Members, Officers and Staff Members of the institute.

Dr. Nirmalya Kumar Bhattacharyya
