Sub.: Fake Notification/E-mail Alert!

It has been brought to the notice of the administration that while the normal activities of the Institute have been limited in the wake of the unprecedented situation created by the outbreak of COVID-19, a few fake notifications in the name of Registrar are being circulated through social media. In addition, fraudulent e-mails are being sent in the name of the Director from false ids to several faculty and staff members asking for certain favors. The matter has already been reported to Cyber Crime Branch, Howrah Police. You are hereby advised not to respond to such fraudulent e-mails.

For official notifications, visit the official website of the Institute and check your mailbox regularly for emails from authentic Institute e-mail ids only. If any one of you come across any such fraudulent e-mails/notifications please bring the same to the knowledge of the administration.

Be careful, stay home during the lockdown period and stay safe!

The notification is being issued with the approval of the competent authority.

Arindam Biswas

Chairman,
Network and IT Infrastructure Committee.
