

# Space casino uk

## Casino space uk

Space is a safe online casino owned by STech Technology UK Limited. New players receive a welcome bonus of 70 spins in the UK, which are eligible to use on high RTP slots. For real money deposits and withdrawals, Space Casino offers various secure payment methods.

To provide you with its wide selection of games, Space Casino has partnered up with several leading game providers including Greentube, NetEnt, Yggdrasil, and Evolution Gaming. Compared to most modern-day online casinos, the number of partnered providers is small but the site still offers a great selection of games. What's more, the providers listed regularly release new games so there's always something to play.

## Space uk casino

As mentioned, Space Casino offers a great selection of games including slots, table games, live casino, jackpots and more. If you'd like to know more about the site's game selection, just take a look below.

Once you've signed up, you'll be given complete access to Space Casino's selection of video slots. This includes games such as Gorilla, Gonzo's Quest, Casino Cosmos, Trolls Bridge, Book Of Ra 6 Deluxe, Wolf Hunters, Clockwork Oranges, Sahara Nights, African Stampede, Vikings Go Berserk, Katana, Sherwood Showdown, Jack Hammer 2, The Alchemist, The Wolf's Bane, Jungle Explorer, Jingle Spin, Beauty Of Cleopatra, Asgard's Thunder, The Wild Wood, Steamtower, EggOMatic, Baron Samedi, Spina Colada, Legend Of The Golden Monkey, The Invisible Man, Space Mars, Beauty And The Beast, Vikings, Niagra Falls, Reptoids, Narcos, Easter Island, Dead Or Alive II, Seasons, Chibeasties, The Dark Joker Prizes, Wicked Circus, Hook's Heroes, Mythic Maiden and more.

## Space uk casino

If you're Ozwin's Jackpots, Golden Sevens, Rings Of Fortune, Diamond Link Mighty Elephant, Book Of Ra Mystic Fortunes, Frogs Fairy Tale, Cops N' Robbers, Mercy Of The Gods, Wish Upon A Star, Monkey's Millions, Divine Fortune, Blazing Riches, and more.

If you don't enjoy spinning reels, you can always try out Space Casino's table games which includes European Roulette, Golden Chip Roulette, and Lightning Roulette First Person.

## Casino space uk

The fun doesn't stop there as Space Casino also runs a live casino where real dealers are streamed directly to you. The games offered here include Dream Catcher, Lightning Roulette, Blackjack VIP, Monopoly Live, Immersive Roulette, Lightning Dice, VIP Roulette, Blackjack, Baccarat, Side Bet City, Three Card Poker, Casino Hold'em, Poker, and more.

In addition to the above, Space Casino also runs a sportsbook where you can wager on sports games and other events. Right now, the events available include football, baseball, golf, handball, MMA, rugby, table tennis, politics, volleyball, speedway, snooker, e-Sports, cycling, basketball, and more.

## Uk space casino

New customers who register at Space Casino can claim up to 70 welcome spins on a first deposit. Anyone who registers and makes a deposit of £10 or more will be able to claim 10 spins on Starburst a day for seven days, resulting in 70 welcome spins. According to the terms and conditions, each set of spins are only available for 24 hours and must be used or are made void. Winnings from the spins are credited as a bonus which does not have wagering requirements.

New customers who register with Space Casino and make their first bet can claim a free bet of up to £20. According to the terms and conditions,

the free bet will be credited within 48 hours of your bet being settled and must be used within three days of being credited. There are no wagering requirements on winnings from the bet.

## **Uk space casino**

Although many online casinos are now giving new players a free spins bonus or a no deposit bonus as a reward for registering, this site is not. Unfortunately, there is currently no Space Casino free spins bonus and no Space Casino no deposit bonus right now as all promotions require a deposit of £10 or more.

Looking for an online casino offering a free spins no deposit bonus? Find one here.

## **Space uk casino**

Many online casinos require a special promo code or bonus code to claim a bonus. Luckily for you, there are currently no Space Casino promo codes or any Space Casino bonus codes. All promotions are instantly credited to your account once you've deposited the minimum amount.

In addition to the welcome bonuses, Space Casino runs a range of other promotions. This includes Rocket Of The Week, a weekly bonus which can be claimed by players and generally includes free bets, cashbacks and other bonus offers. Other promotions include a chance to bet on the 2020 Australian Open, a chance to claim a free bet of up to £10, as well as other free bets for participating in events.

## **Uk casino space**

Rather than offering a generic VIP scheme, Space Casino runs its Space Missions in which players are given goals to complete on select games. If players finish in the top three leaderboards for each mission, they are given a share of the £250 prize pool. Missions change each week and generally run between Monday and Thursday, giving players enough time to participate and try to gain some wins.

Space Casino accepts three main payment options, a smaller selection compared to most other online casinos. However, you are free to select your preferred payment option and use it for deposits. At the time of writing, the accepted methods include:

## **Space uk casino**

A minimum deposit of £10 is required for each of the payment options but there are no fees for making a deposit, which is great.

For withdrawals, you are free to use all of the above payment options. However, it's important to understand that the time it takes for you to receive your payment varies depending on the method used.

## **Space uk casino**

Like with its deposits, Space Casino does not charge any fees for making a withdrawal. However, it does give players the option to cancel withdrawals, although we suggest you refrain from doing so. What's more, it's important to note that all withdrawals are held in a pending state for up to two business days before they are sent to you.

If you run into a problem or require some assistance, you can contact the customer support team by emailing them on [support@spacecasino.co.uk](mailto:support@spacecasino.co.uk) or by launching the Space Casino live chat service between 8 AM and 10 PM Monday to Friday or between 9 AM to 10 PM Saturdays and Sundays.

## **Space uk casino**

When we opened the Space Casino live chat service, we were able to instantly message the support team. After sending a message, we were instantly greeted by a customer support agent who asked us for account verification details. Since we were unregistered, we informed the agent and proceeded with the chat. Throughout the chat, the agent responded to our questions quickly and answered all of our questions without relying on the terms and conditions like so many other agents do. The agent was friendly and helpful, and we highly recommend the service.

As mentioned, Space Casino is owned by STech Technology UK Limited, a firm which sadly does not operate any other casino sites. However, there are several other online casinos that are similar in appearance and feel and well worth joining. Similar Space Casino sister sites include Genesis Casino and PlayOJO Casino, both of which feature beautiful and unique designs and offer a great selection of casino games.

## **Uk space casino**

Space Casino is a decent online casino although we understand that some readers will be left disappointed at the shortage of game providers available. Still, Space Casino offers a great selection of content as well as numerous bonuses and promotions for both new and long-term customers. We found that the customer support offered was great, as well as the site's unique Space Missions promotions which allow players to claim additional bonuses and rewards. Unfortunately, we know some users will be left frustrated that the site does not offer a mobile app and that its selection of games is small compared to many other sites. Still, after trialling the site and writing our Space Casino review, we believe the site to

be well worth registering.

Unfortunately, there is currently no Space Casino cashback bonus. Since the site does change its bonuses on a regular basis and offers player new promotions each week, you may eventually be offered a Space Casino cashback bonus as long as you're a registered member.

## Casino space uk

Of course you can! Anyone who registers at Space Casino will be given complete access to the site's casino games and Space Casino sportsbook. You'll have plenty of games and content to try out, so you'll be kept busy for a long time.

Right now there are two Space Casino sign up offers, although only one can be claimed by each person. The first is a free spins offer and the second a free Space Casino sports bet. If you'd like to know more about the current Space Casino sign up offers, just check out our full Space Casino review.

Our casino experts have several decades of experience in the casino industry between them. They have mostly started as players, perfecting their trade during the poker boom of early 2000s. Later they plied their trade by working in online casinos across all positions, from game selection to payments and fraud prevention. They know what makes a new casino operation tick and which are the important characteristics newest online casinos should possess. This leaves the newcasinouk.com crew in a perfect position not just to find new casinos before anyone else, but also to test new brands comprehensively. Below is a list of the top latest casino sites available in the UK, by category.

## Space uk casino

Read our unbiased reviews of new UK online casinos. All our new casino sites are licensed by the UKGC and offer a safe gaming environment.

Click on our exclusive link and follow the instructions that appear on screen to open your new casino account. This will only take a few minutes.

## Space uk casino

Check the welcome offer for new customers. Take a look at amounts, percentages, wagering requirements and other T&C's before you sign up.

Check the game selection to make sure that your favourite slots and/or table games are available. Check the live section as well if you fancy that.

## Uk space casino

Choosing a new casino to play with is not always straightforward. What makes players stay loyal to a particular casino is changing at an equally fast pace, with new casino sites fighting to engage them. Any new online casino in the UK is now looking to offer a holistic gaming experience, using a wide range of important attractions for players. It's very easy to see the appeal of trying out a new casino, but how exactly do you choose which one? For beginners, it's a particularly difficult task. So that's why we are here to guide you on your journey.

So many new UK casinos are emerging and it is getting hard to keep up with all of them. Many of the best new online casinos are not immediately discoverable by customers. They simply do not always have the branding power to reach many customers immediately. While big brands rule the hearts and minds of players in the UK, new casinos tend to offer better conditions overall. If you are looking for reliable new casino sites – especially if you want new bonus offers for your new account – simply look at our list of the latest UK operators to stay updated.

## Space casino uk

New online casinos lack the reputation that stronger, well-established brands already possess. That's why we make sure to test and review the latest UK casino sites as soon as they hit the market.

For a quick overview, we recommend that you check our new casino toplists – we try to review as many new casinos as possible but in a market as active as UK is, it is not always easy to keep track of each and every new operator that breaks into the scene.

## Space casino uk

We focus on the latest safe online casino sites that offer a reliable and safe place to play. Our credo is: safety first. We only review new UK casino sites that are reputable and licensed by the UK Gambling Commission, the UKGC, and/or the Malta Gaming Authority, or MGA.

Along with that come a fresh approach, some breathtaking promotions, VIP schemes and many tempting offers. You can even find a no deposit bonus, allowing you to enjoy the thrill without spending any of your hard-earned cash.

## Uk casino space

In order to check when a casino brand was established, its best to check information on the website of the UK gambling commission.

However, the above might not matter to you much in case you have never seen the new casino brand before. It is new to you. In that case you can use the function on our toplist which lets you sort new online casinos by the date they were added to our list. This way you can also easily compare them without really leaving the website. We have done all the research for you.

## Uk casino space

It should also be noted that winnings obtained via online gambling in the UK are exempt from tax. However, there are exceptions, such as for professional players. In addition, although winnings are often not taxed, they still have to be declared to the tax office. In short, there is no gambling tax per se in the UK. Only if gambling becomes a profession, so to speak, and the tax would thus fall into another category, it would be necessary to actually pay taxes for it. This may be the case for poker professionals, but is not exactly defined in this example and is therefore in a legal gray area.

We are focused on top UK casinos for October 2022 that offer a reliable and secure place to play. We only test new online casinos that are reputable and licensed by the UK Gambling Commission. Player safety is paramount for us, but the best new casino sites need to bring much more than that to the table. Here's a few key points, starting with the matter of safety and security:

## Casino uk space

The casino's licence is the first thing to determine. It is prohibited if not. The UK Gambling Commission (UKGC) keeps an eye on licensees to make sure they're taking precautions to protect UK players and their information, as well as making sure the games are fair by using random number generators (RNG). It's just not worth the risk to play at an unlicensed casino because they aren't held to the same high standards, plus your money and information won't be legally safeguarded. Every new casino we list on our website, even the newest ones, has a UKGC licence. Whichever option you select, fair play is assured. By looking for the UKGC logo and licence number in the footer of a casino's website, you can easily confirm that it possesses a licence.

Any quality new casino October 2022 will offer the top suppliers and a rich range of slots and table games (including live games). The way a new online casino organizes and presents its game library is another element we take into consideration because a top-notch iGaming experience places a premium on presentation and usability. The finest new sites let users select their game libraries and focus in on the game categories and features they want, but a vibrant, attractive front page is also crucial to the user experience.

## Casino space uk

This is a key aspect when choosing a new casino. We will only recommend casinos with a good selection of trusted banking options and speedy payouts. We only review new online casinos that do not withhold customers funds longer than the industry standard. Also, we recommend that you play at a new casino that allows you to use your favourite payment method. The majority of new online casinos support a variety of different payments, from more modern banking techniques like e-wallets and Google Pay to more conventional ones like debit cards. The deposit restrictions are something to keep in mind when choosing a payment option at a new casino website. Low deposit thresholds apply to Pay by Mobile alternatives and prepaid cards; on the other hand, some of the highest deposit thresholds apply to cryptocurrencies like Bitcoin.

All top new online casinos should provide the highest levels of functionality and mobile compatibility. Mobile gaming is getting more attention from online software companies, and some are even creating brand-new games just for mobile. This results in better functioning because both gameplay and aesthetics are created with a smaller touch screen in mind. You might be worried that playing at online casinos on your phone or tablet is less safe and secure than doing so on your computer, but you can relax knowing that licenced operators' mobile services receive the same level of protection as their main websites. The same encryption technology will be used throughout all of your transactions, obscuring your information from possible hackers and safeguarding both your information and money.

## Space casino uk

We will bring you the latest developments in creative designs and ideas, ensuring the best in innovation, gameplay and user-friendly features. Below we have listed some of the new trends that will shape the online casino scene in the future. Usually for new casino sites, adopting new technology is a was to distinguish themselves from the competition and create a buzz. VR games, PvP tournaments, 3D slots and casino games, the latest online casinos on the UK market offer a varied gameplay experience that caters to all types of casino players.

Although the bonus deal looks wonderful and the banking methods are right for you, keep in mind there will be additional requirements before you can withdraw any bonus winnings. Before accepting a bonus, players must always read the terms and conditions in their entirety in order to comprehend the withdrawal procedure. Here are a few of the most typical T&C's that most binuses come with:

## Uk casino space

As you've already gathered, there are many advantages and benefits to choosing a new UK casino online in October 2022. But just to name a few:

New online casinos for October 2022 often bring out new concepts that change the way players play the games, get offers, deposit or withdraw money. Below we will just expand on several new gambling concepts that have been emerging lately.

## Casino space uk

New real money casinos give you the opportunity to play the best real money slots and casino games, and be rewarded for it. You are not required to start playing for real money as soon as you create an account at a new casino, as all operators have free demo versions of most games in their library (except live games). Of course, when playing at new online casinos for real money, safety is paramount – that is why we have created a brief checklist that you should keep in mind.

When looking for new casino sites in the UK, it's always a good idea to go hunting for the best casino bonuses UK. New casino offers tend to be slightly more rewarding, giving you more money to start playing with. Once you decide to deposit via an eligible payment method, you will be able to grab your welcome bonus. But things do not end there, as all the best latest UK casinos offered a plethora of bonuses and promotions for registered players. Let's take a look at he most popular bonuses found at new UK online casinos.

## Uk space casino

If you don't feel like replaying your winnings a given amount of times, we have good news for you. We prepared a comprehensive list of no wagering casino sites which let you withdraw your bonus immediately! Remember that you should always check the terms terms and conditions of a new casino to find out what wagering conditions apply for bonuses.

Whether to play at a new or well-established casino is a hotly debated subject. However, there are factors for both, with a lot depending on your preferences and what you are looking for from your gaming experience.

## Uk space casino

Alternatively, established casinos bring achievements, awards, stability and reliability. Another important detail is that if you're down on your luck you can always ask the casino support team for some no deposit bonus as a regular player. These are top-notch casino operators, with a proven record in both customer support and player safety.

New independent casinos UK are generally freshly-launched brands. They represent a company's first attempt to launch a casino platform that is not really based or relying on 3rd-party-made templates or code. Best case scenario, the new casino brand becomes successful- in this case, the company will most likely launch other brands using variations of the original template. This is exactly how many new casinos reviewed on this website were born!

## Casino space uk

All in all, both new and established UK casino sites have a great deal to offer, creating healthy competition and diversity of choice. We work hard to keep you posted on everything that they have to offer and that all our information is up to date. Then you can just relax and have fun, with whichever casino you decide to choose.

With all the relevant research already done for you, it's now down to your personal preferences and the stunning promotions on offer. We've got that covered too, with a range of comprehensive online casino reviews.

## Space casino uk

Our list of new casinos online makes it easy for everyone interested into getting a new casino account to compare what is offered. First, the list makes it easy to simply sort the casinos from the newest to ones that were added some time ago. We want to ensure that our visitors can easily

see the newest online casinos on our list and avoid the ones where they already have an account. This way, gaming fans will always feel encouraged to open an account and play for real money. Make sure to read our reviews on new online casinos to see exactly which details influenced our rating.

Certainly, there are also disadvantages with new online casinos. We would like to present the most common cons that can be associated to some new casino sites in the UK, so that you know what to look out for.

## Casino uk space

You may find comprehensive reviews of the best casino software providers on NewCasinoUK.com. A casino software provider is a business that develops casino games, slot machines, and other software that is utilised by online casinos. This business is often independent from the casino operators themselves. Some larger software companies also offer a complete software package for casino operators.

This is a list of the top-notch new and established casino software developers that most new UK casinos rely on:

## Space casino uk

We are aware of the ever-growing selection and want players to find exactly what they are looking for. Thus, new casino games can be divided into different categories, whereby the most played games are probably slots. However, serious new online casinos in 2022 are expected to provide much more than just slots. Therefore, you will also find card and table games in a wide variety, not to mention a crazy amount of new live games that can also be played on mobile. These are the most popular casino games offered by new gambling operators in the UK:

If slots are your game of choice, then you need to try out the best new slot sites in the UK. All the latest online casinos and slot operators feature the newest online slots available in the UK market that you can play in demo mode as well as for real money. We only feature the newest slot sites that:

## Space casino uk

Unlike their new counterparts, the best slot sites in the UK have been on the market for quite some time and possess a strong reputation among players and competitors alike. While their catalog is comprehensive of all the older slot titles and classic games, they also feature most of the latest slot releases to grace the UK marketplace. If you place a strong emphasis on reputation and reliability – while also looking for a premium online slot experience – make sure to check out our list of top-rated slot sites for UK players.

These days, more and more players choose to play casino games from their mobile devices. It's no surprise then, that we place particular emphasis on the mobile offer of all the casino brands that we review. When testing a new mobile casino, we expect to be offered a seamless gaming experience on any mobile device. These are the key parameters for an impeccable mobile casino experience:

## Space casino uk

Unfortunately, the game catalog of new online casinos is not always comparable to their desktop counterparts. Several older games (especially slots) will never be converted to mobile, hence they can only be played via a desktop (or laptop) PC.

We have discussed some new technologies for online casinos, but the biggest advancements took place in the live casino department. New live casino sites masterfully recreate the land-based casino mystique that you miss when playing standard RNG games, providing a gambling experience filled with excitement and adrenaline. The only limitation when it comes to live casinos online, is that only a few developers (NetEnt, Evolution Gaming especially) have decided to massively invest into the creation of live games. Hence, the choice of live table games is somewhat limited compared to their RNG counterparts. Here's what top-rated new live casino sites have to offer:

## Space casino uk

When you decide to start playing for real, we recommend that you do so at one of our recommended best payout online casino UK operators. Meanwhile, we bring you a short list of the very best new UK casinos with high payout rates. Take a look below!

Rank	Casino	Verified by RTP1 Skol	Casino COGRA	97.85%	2 All British Casino	COGRA	97.7%	3 Casino Godse	COGRA	97.5%	4 Mr Play	COGRA	96.2%
------	--------	-----------------------	--------------	--------	----------------------	-------	-------	----------------	-------	-------	-----------	-------	-------

You will have to deposit money into your account unless you're playing free casino games. At some time, you'll also want to make a withdrawal, whether it's because you're lucky or you just want your initial deposit back. The majority of new online casinos support a variety of different payment methods, from more modern banking techniques like e-wallets and Google Pay to more conventional ones like debit cards. We have divided our lists into categories so that you may read about the advantages and disadvantages of each of these payment options. The deposit restrictions are something to keep in mind when choosing a payment option at a new casino website. Low deposit thresholds apply to Pay by Mobile alternatives and prepaid cards; on the other hand, some of the highest deposit thresholds apply to cryptocurrencies like Bitcoin. The most popular payment methods that new casino brands should offer are:

## Uk space casino

If you are on the outlook for a new PayPal casino, then look no further. All of our featured new casinos and slots operators that accept PayPal are

licensed by the UKGC and were thoroughly tested by our staff. Many new online casinos provide PayPal as a deposit and withdrawal option, and there are many benefits to using it. One of the most compelling examples is almost immediate withdrawals, which comes first. Depending on how quickly the casino processes the request, you can get your money when you cash out via PayPal in less than an hour. In general, deposits are also instant. The level of PayPal's security is the second factor that might influence your decision. Your card or bank information will be stored with your PayPal account, so you won't need to share it with the casino website. Adding two-factor authentication (2FA) and payments requiring confirmation via SMS will give you additional protection against any unauthorized use. Play at new online casinos in the UK with the world's biggest e-wallet and enjoying safe payments and speedy withdrawals!

The advantages of using a Neteller casino are numerous. The most important of these is perhaps the ability to conduct casino transactions without disclosing private banking information once you have opened a Neteller account and linked it to a bank account. This adds an additional layer of security and reduces the likelihood that you may fall victim to fraud or phishing attempts. The processing of Neteller casino payments is likewise quite quick, both for deposits and for withdrawals. Although requests for withdrawals made directly to a bank account may take some time to process, withdrawals to your Neteller account can be performed instantly. Additionally, this process is extremely quick because no long bank information must be entered for deposits.

## Space casino uk

At Google Pay casinos, players can conveniently transfer funds into their account, directly from their Android device. With Google Pay, formerly known as Android Pay, you can make online purchases, send money to others, and pay for things in-person using your Android device. It is important to keep in mind, though, that some capabilities are only accessible on Android devices in a few countries. The majority of GPay functionality, excluding NFC contactless payments, can also be used on iOS devices. GPay, enables free, virtually immediate casino deposits. Although not all gambling websites accept Google Pay, predictions indicate that an increasing number of new casinos will offer it in the future.

Why play at a Skrill casino? Simply put, the ease with which money can be transferred using Skrill and other e-wallets is one of their main advantages. Once you've created a Skrill account, you can instantly send money and request withdrawals. When using a bank transfer, you might have to wait while your bank processes the withdrawal. Having a Skrill account is free; there are no further costs associated with membership. Additionally, Skrill offers free, no-fee ways for you to add money to your account through bank transfers, Maestro, and Swift. The use of other payment methods, such as Visa, American Express, and Mastercard, will, however, incur a tax. Withdrawals and, much less frequently, deposits, both come with costs.

## Space uk casino

For gamblers who enjoy playing slots or other online games like roulette, blackjack, live casino, or any other form of gambling on a regular basis, Trustly casinos offers a variety of advantages, with security, speed, and dependability being at the top of the list. When you choose the vendor on your online casino's cashier page, Trustly—a fully licensed payment processor governed by the Swedish Financial Supervisory Authority—you may rest assured that your transaction will be secure. But what when it comes to fees? Due to intense competition in the market, the majority of online casinos no longer charge players for deposits and withdrawals. Customers are not charged by Trustly itself for using the service, but your bank might. Consequently, it is wise to check.

If you are playing for real money – and you are keen on being able to withdraw your winnings as quickly as possible – we recommend that you check out our fast withdrawal casino UK list. Fast payout online casinos provide a selection of deposit options in order to accommodate their players' interests, such as e-wallets (including Neteller, skrill and PayPal), debit cards and in some cases, cryptocurrencies. More and more casino players in the UK choose to rely upon fast-paying operators because of their swift cash-outs and fast, simple payments.

When it comes to the main cash-out options, some of the most prestigious new online casinos are battling to have the quickest payout times, which can range from an hour to a few days. Fast-paying casinos sit at the top of the food chain in several aspects, including excellent customer service, high payout percentages, quick deposits and withdrawals (even instant in some cases), and simple cash outs. Additionally, they provide hundreds of games, including slots, roulette, video poker, blackjack, baccarat, and craps.

A casino is considered safe if it is run by a company with no history of abuse, and it is licenced by Isle of Man, Alderney and Gibraltar Gaming Commissions, or the UK Gambling Commission. Additionally, most casinos have a licence in Malta, by the Malta Gaming Authority as well. Usually, a safe website will have licence from more than one of these authorities.

New casinos offer several benefits to players: new software platforms that ensure good user experience, great welcome offers and bonus promotions, exclusive games, new technologies like gamification or live dealers. Recently mobile casinos have become super popular as many people use smartphones to gamble. Optimised mobile apps are one of advantages of new online casinos.

Generally, yes. All the newest online casinos we review are 100% safe and trustworthy. There are a few new sites on the market, mostly licenced from central America, or not even licenced at all, that can be considered rogue casinos. These casinos are run by companies that have been known to commit fraud, use pirated or rigged games or not pay their clients when they win. One way to avoid these rogue casinos completely is to only select casinos tested by NewCasinosUK.

Of course, simply because two casinos are both safe, reliable and licenced, does not mean they are equally good. Some casinos offer huge bonuses for example, where as some do not offer any at all. Another thing that can be a determining factor is the offer of games. If you like a certain game or game type, see who the developer is and if the new online casino you choose offers their games.

Its simple – new casinos need to attract new players. They offer great bonuses up to several hundred percent, a lot of free spins, sometimes with no or little deposit just to get new players they hope will become loyal to their brand. Sometimes this can create financial pressure on the casino in the short term, thats why it is important to check our list since we choose only reliable casinos that protect player's funds..

UK players should always look for new casinos with UK Gambling Commission license, or at least a license from an EU country. Many new brands are unlicensed – avoid those. They carry a great risk since they can appear overnight, take the money from the players and disappear without ever paying out. As long as you choose a casino from the list on NewCasinoUK.com, you are safe.

NewCasinoUK.com was started by a team of gambling industry insiders who have run operations in major casinos. We review new casino brands on a weekly basis. Our goal is not to recommend just any new brand that appears, but we try to offer only the most reliable ones. As affiliates, we take our responsibility towards casino players seriously – we never feature brands where we would not play ourselves. Please gamble responsibly.
