

Important Dates

Registration opening date: March 07, 2025

Registration closing date: March 10, 2025

Symposium date: March 11, 2025

Program venue

Conference Hall, Mechanical Engineering Department (2nd Floor), Indian Institute of Engineering Science and Technology, Shibpur (IEST, Shibpur), Botanic Garden, Dist: Howrah, West Bengal, India.

About the Symposium

'*International Symposium on Structural Integrity*', organized by IEST Shibpur, aims to showcase recent research efforts across the globe by featuring lectures from distinguished academicians and researchers from India and Japan, including esteemed professors from Ritsumeikan University, Japan. This conference serves as a dynamic platform for knowledge exchange, fostering collaboration between experts in structural integrity, material fatigue, fracture mechanics, failure analysis, and non-destructive testing. Key topics include the creep-fatigue behavior of steels under non-proportional multiaxial loading, which is crucial for understanding material degradation in high-temperature environments, and the creep properties of high-entropy alloy AlCoCrFeNi, which exhibit promising potential for applications requiring superior thermal stability and mechanical performance. By addressing challenges in infrastructure, aerospace, automotive, and energy sectors, the event plays a crucial role in advancing innovative solutions and enhancing the long-term reliability of engineering structures worldwide.

Target audience

Academicians, research scholars, UG, PG students, faculty members / professionals & industry personnel working in the concerned / allied discipline.

Participants need to do registration online by filling up the following google form:

<https://forms.gle/PccWAdp18S2q56336>

The maximum number of participants will be 100 (Fifty) on first-come-first-serve basis.

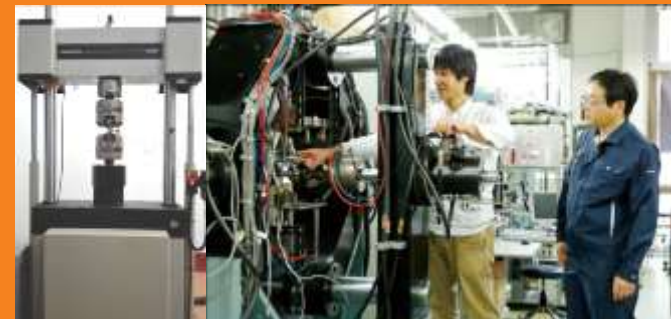

Participants can also join online through google meet:

meet.google.com/zhe-tmzq-uto

Registration Fee

There is NO REGISTRATION/ PROGRAM FEE for attending the Symposium

International Symposium on Structural Integrity

11th March, 2025

Indian Institute of Engineering Science and Technology, Shibpur

IEST, Shibpur
आई आई ई एस टि, शिवपुर
Erstwhile B E College (Estd 1856)

A Symposium Jointly Organized by
Department of Mechanical Engineering
and
Department of Aerospace Engineering
and Applied Mechanics

(In both offline and online mode)

Venue: Conference Hall, Mechanical Engineering Department (2nd Floor)

IIST, Shibpur, India

IIST, Shibpur (Erstwhile "Bengal Engineering College") is the first college to become Indian Institute of Engineering Science and Technology (IIST, Shibpur) in India in 2014. The Institute has a rich history. It is empowering the nation since 1856. Considering the year of establishment, it is the 3rd engineering college in India but considering the year of graduation it is the 2nd oldest engineering college in India. It has 16 departments and 8 schools. It has over 250 faculty members and a student strength of over 4000.

Ritsumeikan University, Japan

Ritsumeikan University (RU) is one of the top leading universities in Japan with a history of 120-years. As a global university, RU has a long tradition of welcoming students from across Japan and the world to our campuses. RU is home to more than 3,028 international students representing diverse cultures from 80 countries and regions. This diversity is also reflected in the faculty, academic programs, and exchanges.

Key resource persons

Prof. Takamoto Itoh

Professor, Department of Mechanical Engineering, College of Science and Engineering, Ritsumeikan University, Japan.

Dr. Soumitra Tarafder

Chief Scientist and Advisor Management at CSIR- National Metallurgical Laboratory, Jamshedpur, India

Prof. Debasis Datta

Professor, Mechanical Engineering Dept. and Dean, International Relations & Alumni Affairs, IIST, Shibpur, Howrah, West Bengal, India.

Prof. Lei He

Assistant Professor, Department of Mechanical Engineering, College of Science and Engineering, Ritsumeikan University, Japan.

Organizing Team

Symposium Coordinators

Dr. Niloy Khutia, Associate Professor, Department of Aerospace Engineering and Applied Mechanics. IIST, Shibpur

Dr. Rajib Chakraborty, Assistant Professor, Department of Mechanical Engineering. IIST, Shibpur

Dr. Partha Pratim Dey, Professor, Department of Mechanical Engineering, IIST, Shibpur

Symposium Program Schedule

Time	Event
11:00 AM to 11:10AM	Welcome address by Head, Mechanical Engineering Dept., Prof. Subhas Chandra Mondal and Head, Aerospace Engineering and Applied Mechanics Dept., Prof. Nityananda Nandi
11:10 AM to 11:15 AM	Brief outline of the Symposium by Dr. Niloy Khutia
11:15 AM to 11:25 AM	Address by Dean (IRAA), Prof. Debasis Dutta
11:30 AM to 12:30 PM	Invited talk by Prof. Takamoto Itoh, on ' <i>Creep-fatigue behavior of steels under non-proportional multiaxial loading</i> '
12:30PM to 1:30 PM	Invited talk by Dr. Soumitra Tarafder on ' <i>Mechanics of damage evolution in engineering structural materials</i> '
1:30 PM to 3:00 PM	Lunch Break
3:00 PM to 4:00 PM	Invited talk by Prof. Lei He, on ' <i>creep properties of high entropy alloy AlCoCrFeNi</i> '
4:00 PM to 5:00 PM	Invited talk by Prof. Debasis Datta, on ' <i>Application of NDT on Structural Integrity</i> '
5:00 PM to 5:10 PM	Vote of thanks and Valedictory
