

CK Birla Hospitals – Operating Philosophy

Clinical Excellence

- Delivery of best patient care; from prevention to treatment of the most serious and complex human diseases.
- Use of international guidelines, protocols and care pathways to ensure best clinical outcomes.
- Institute of choice for best clinical and nursing talent coupled with world-class infrastructure and equipment.

Ethical Conduct

- Honest and transparent in doing the right thing for the patients by improving outcomes and not procedures.
- Adherence to highest standards of professionalism with clear communication of treatment plan.

Patient Centric

- Primacy to comfort and convenience of patients and their families.
- A strong patient connect and trust through compassion and empathy.
- Inclusive in embracing and respecting different backgrounds of patients.
